

# Guilford Day School 2008-2009 Annual Report

## Mission Statement

*We offer students with learning differences  
a comprehensive educational experience in a  
supportive environment where they can  
reach their highest potential.*

# Thank You!

Your generous support during the 2008-2009 school year allowed the school to continue advancing the mission through curriculum, professional development, technology, and tuition assistance. The school is proud to honor your gifts by enhancing the senior high curriculum by incorporating an on-line learning environment as part of each class, launching the new *Wilson Language Program, Just Words* through SmartBoard technology, designating professional development funds for all full-time teaching staff members, and increasing the amount and number of students who receive tuition assistance.

On behalf of Guilford Day School, I want to thank each of you for your support. We truly appreciate your generosity and belief in our unique school!

*Laura Mlatac*  
Head of School
